**Industrial roofing** is a big job and finding an experienced company to do the job right is vitally important to your business' operation, safety, and appearance. Whether it's constructing a new roof or performing maintenance on an existing roof, **Vertex Roofing is above and beyond the best choice for any industrial roofing job in Utah.**

[Read actual roofing customer reviews here](#)

With over 15 years of experience as **professional roofers**, we understand the importance of not only constructing the most resilient industrial roofs, but maintaining your roof to reliably serve your business through the years. We offer everything from leak and chimney repairs to solar attic fan and skylight installation, and commercial awning installation. When your roof needs repairs or restoration, no matter how large or small, we have the experience to do it.

**Roof maintenance** is too important to your business operations to neglect or let just any **contractor** handle. We've built and maintained industrial grade roofs for refineries, mills, and warehouses, working with every material and every surface. Our experience and professionalism drives us to be the best in every project ensuring your business has a roof that is built to last.

## Industrial Roofing Services for Your Needs

At **Vertex Roofing**, we specialize in new industrial roofs, industrial roof repairs, and industrial roof replacements. We work with a range of materials, including **TPO**, asphalt, EPDM, PVC, as well as metal, pitched, and flat surfaces. We also install and maintain roof exhaust fans and vents. Your satisfaction always comes first, and our quality workmanship is an extension of that commitment to your company. **We even offer a 50-year workmanship warranty guarantee!**

Choosing the right industrial roofer can be a tough decision. This is why we make the process as simple as possible. We offer a **free bid** on any project and an inclusive list of what we do best. Our complete industrial roofing services exceed expectations for the attention to detail, craftsmanship, and experience that has made us Utah's premier industrial roofing provider.

Whether your roof is showing wear and you're looking for a **roof replacement**, or maybe you need an **inspection** from someone honest and experienced. We are your solution with a complete satisfaction guarantee, no matter the size of the job or the complexity of the problem.
