Why Owen's Corning Shingles?

Owen's Corning asphalt shingles are on the cutting-edge of what's possible for present-day shingle technology. As a leading manufacturer of shingles, they're continually improving their products and helping to set the bar high for other shingle manufacturers.

The weather-resistant properties of Owen's Corning Duration Shingles are a perfect example of their commitment to keep improving the industry. When Owen's Corning asphalt shingles are used on your structure, you can expect:

Wind Resistance: Depending on the type of shingle used, Owen's Corning shingles can withstand winds of up to 130 mph.

Waterproofing: These shingles lock securely into place, preventing water damage for your home or commercial building for many years to come.

Plenty of Choices: With Owen's Corning, you'll have a wide variety of colors and shingle styles to choose from, increasing the aesthetic value of your home. Some color options include:

- *Amber*
- *Antique silver*
- *Aged copper*
- *Brownwood*
- *Chateau Green*
- *Colonial Slate*
- *Desert Tan*
- *Driftwood*
- *Estate gray*
- *HarborBlue*
- *Onyx Black*
- *Quarry Gray*
- *Shasta White*
- *Sierra Gray*
- *Slatestone Gray*
- *Teak*
- *TerraCotta*

New Technology: SureNail® Technology, a design of Owen's Corning, gives their shingles unparalleled adhesive power, providing security and convenience to property owners. Technologies have also been developed by Owen's Corning to prevent streaking and color fading.

Affordability: Despite their excellent design, Owen's Corning shingles are affordably priced, making them a no-brainer for many residential and commercial owners. Owen's Corning also provides a variety of shingle price ranges to accommodate virtually anyone in the market for a new roof.

Generous Warranty: Owen's Corning shingles come with a competitive warranty on all of their roofing products.

What Can I Expect from An Owen's Corning Warranty?

Owen's Corning stands by its 50-year warranty on their roofing products. Combine that with our 25-year warranty on craftsmanship, and you'll be guaranteed a strong and dependable roof for decades to come.

A global leader in fiberglass composite, insulation and roofing materials, Owen's Corning, has your roofing needs covered. Whether you're a commercial or residential owner, their roofing materials are sure to improve your property value, increase curb appeal and protect your structure from the elements.

Owen's Corning Certified Roofing Contractor Solution

Although it can be tempting to save money by putting off your roof repairs, that will cost you dearly later on. Roof damage only gets worse with time, leading to:

- *Larger leaks*
- *Mold*
- *Increased energy bills*
- *Structural damage*
- *Decreased property value*
